Cobra® SNOWCOUNTRY™

Exhaust Vent For Roof Ridge

Learn about
**Attic
Ventilation**

Protect Your Roof From Premature Deterioration By Providing Effective

Attic Exhaust Ventilation

Effective attic ventilation is critical for a long-lasting roof! A properly balanced attic ventilation system will help to:

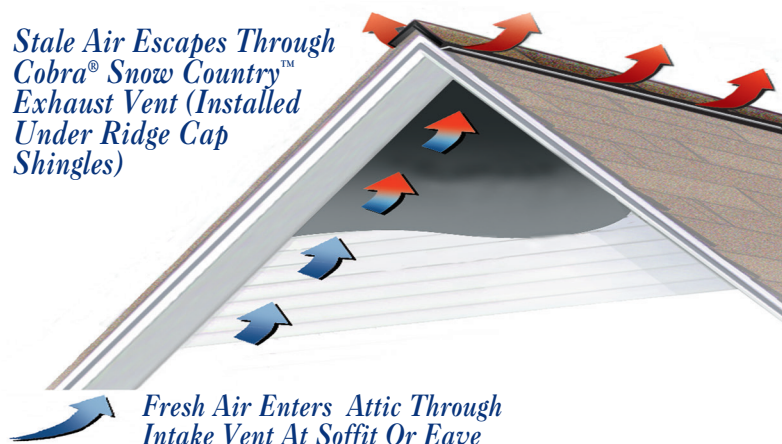

- Remove excess heat and moisture to protect your roof from premature deterioration
- Prevent roof rot in your attic or roof deck
- Minimize peeling and extend the life of exterior and interior paint
- Limit the growth of harmful mold
- Safeguard your attic possessions against mildew damage
- Guard against ice damming in harsh winter climates
- Possibly reduce excessive heating and air conditioning costs

Cobra® Snow Country™ Exhaust Vent is a key part of the GAF Lifetime Roofing System, and has even earned the prestigious Good Housekeeping Seal (applicable in U.S. only; see reverse).

Cobra® SNOWCOUNTRY™

Exhaust Vent for Roof Ridge

Homeowner's Best Choice

- **Vents Your Attic...** Allows heat and condensation to escape at the most effective location—the ridge.
- **Looks Terrific...** Shingle-over design blends into your ridge line.
- **Watertight...** Passes the 110 mph wind-driven rain test.†
- **Snow Guard™ Filter...** Helps prevent snow infiltration in harsh winter weather.
- **Insect Guard...** Specially designed louver spacing helps keep insects out.
- **Energy Efficient...** May even reduce your utility bills!
- **Durable...** Designed with high-impact polymers.
- **Peace Of Mind...** Up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs.*

†Under controlled laboratory conditions.

Professional's Best Choice

- **Effective...** Provides 18 sq. inches per lineal foot of net free ventilating area.
- **Easy Sizing...** EasyTear™ feature allows you to hand-tear product in 3" (76 mm) increments—no knives necessary and less waste!
- **Fits Better...** Extra-flexible hinge design allows installation on 3:12 to 16:12 sloped roofs.
- **No End Caps Needed!**
- **Crush Resistant...** Internal structural support for added durability.
- **No Gaps...** Edge overhang allows smooth, continuous coverage between sections.
- **Fewer Call-backs...** External baffles help deflect wind and rain.
- **Cap Shingle Compatible...** Works with traditional-size ridge cap shingles.

**Includes:

Balanced Ventilation Requirements (U.S. only)

Balanced ventilation requires an equal amount of intake ventilation and exhaust ventilation. GAF recommends, at a minimum, providing 1 square foot of Net Free Ventilation for every 300 square feet of attic floor space. Consult local building codes for specific ventilation requirements in your area.

1. Calculate the total square footage of the attic floor area (round up to the next highest number). This number will determine the minimum total lineal feet of Cobra® Snow Country™ Exhaust Vent that is needed.
2. Find the appropriate amount of Cobra® Snow Country™ Exhaust Vent and minimum intake ventilation that corresponds to the total attic square footage.

Based on 1/300 Rule

Total Attic Square Footage	Recommended Length of Cobra® Snow Country™ Exhaust Vent (Feet)	Minimum Intake Ventilation (Net Free Footage Area in Sq. In.)
1600	22	396
1900	26	468
2200	30	540
2500	34	612
2800	38	684
3100	42	756
3400	46	828

Cobra® Snow Country™ Exhaust Vent has 18.0 sq. in./lineal ft. of net free ventilating area.

NOTE: Always have a balanced ventilation system. In no case should the amount of exhaust ventilation at the ridge exceed the amount of soffit ventilation.

One box (40' [12 m]) of Cobra® Snow Country™ Exhaust Vent replaces:

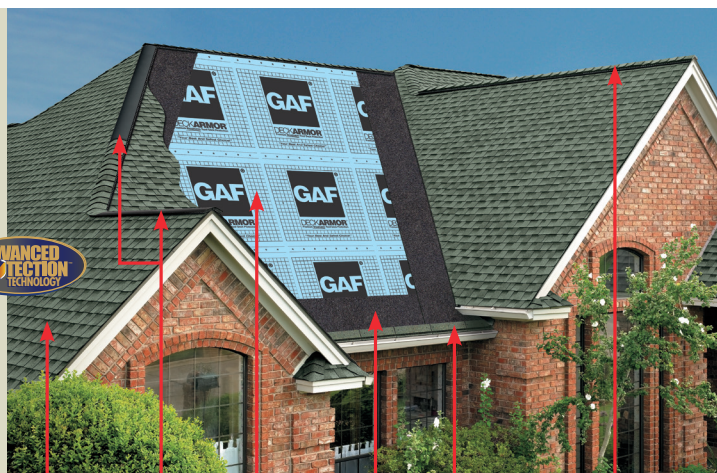

18 Conventional Roof Vents...or
10 Metal Turbine Roof Vents

SHINGLE & ACCESSORY LTD. WARRANTY
Lifetime
LTD. WARRANTY TERM

*See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy. Applicable in U.S. only.)
